Comprehensive Digital Solutions & Development Packages

2026 Service Menu & Pricing Guide

Below is an exhaustive overview of our development, digital marketing, and software-as-a-service (SaaS) packages. These tiers are meticulously designed to scale with your business needs, differentiating by technical complexity, platform requirements, and the specific monthly marketing efforts required to drive measurable growth.

SECTION 1: Web Design & Development + Digital Marketing Packages

Our web development packages combine cutting-edge UI/UX design with robust architecture. Each package pairs optionally with a tailored digital marketing tier.

1. The "Digital Presence" Package (Starter)

Ideal for: Consultants, Personal Brands, Small NGOs, & Local Startups.

- **Web Design Price:** 20,000 – 35,000 ETB (One-time)
- **Timeline:** 2 – 3 Weeks

A professional, cost-effective solution to establish instant credibility. Designed to ensure that when customers search for you, they find a modern, highly optimized, and mobile-friendly site.

Website Inclusions:

- **5-7 Core Pages:** Home, About Us, Services, Contact, Gallery/Blog.
- **Responsive Design:** Flawless rendering on smartphones, tablets, and desktops.
- **Direct Communication:** Floating WhatsApp "Chat with Us" integration and Click-to-Call buttons.
- **CMS Integration:** User-friendly WordPress dashboard for easy content updates.
- **Basic SEO Setup:** Meta titles, descriptions, and basic image tagging.
- **Local Visibility:** Google Maps and Google Business Profile integration.
- **Security & Speed:** Basic firewall setup, image compression, and caching setup.

 Optional Monthly Ad Add-On: "The Visibility Boost"

- **Total Monthly Fee:** 8,000 ETB / month
- **Ad Spend Portion:** 5,000 ETB (Directly to Meta/Google).
- **Management Fee: 3,000 ETB**.
- **Strategy:** Focus on *Brand Awareness & Local Reach*. We ensure your community knows

you exist through consistent post boosting and localized targeting.
- **Deliverables:** 1 Active Meta Campaign, basic audience targeting (Addis Ababa/Specific regions), Monthly Performance Report.

2. The "Growth & Conversion" Package (Recommended)

Ideal for: Tour Operators, Real Estate Agencies, Construction Firms, & Import/Export Businesses.

- **Web Design Price:** 45,000 – 75,000 ETB (One-time)
- **Timeline:** 4 – 5 Weeks

Our most popular package. It transforms a static website into a dynamic sales tool with custom post types and targeted lead generation funnels.

Website Inclusions:

- **Everything in Starter, plus:**
- **15–20 Pages:** Deep content structure and service-specific landing pages.
- **Dynamic Listings System:** Easily manage and display Tours, Properties, Vehicles, or Construction Projects with dedicated custom fields.
- **Lead Generation Funnels:** Advanced "Request a Quote" or "Book Now" forms embedded on every listing with conditional logic.
- **SEO Foundation:** Advanced on-page optimization for local Google keywords (e.g., "Real Estate in Addis Ababa").
- **Analytics Setup:** Google Analytics 4 (GA4) and Google Search Console integration.
- **Social Proof:** Live social media feed integration and dynamic testimonial sliders.

 Optional Monthly Ad Add-On: "The Lead Generator"

- **Total Monthly Fee:** 28,000 ETB / month
- **Ad Spend Portion:** 20,000 ETB (Directly to Meta/Google).
- **Management Fee: 8,000 ETB**.
- **Strategy:** Focus on *Traffic & Lead Capture*. We target specific buyer demographics and intent-based keywords to drive high-quality traffic to your conversion funnels.
- **Deliverables:** 2-3 Targeted Campaigns (Traffic + Lead Generation), Meta Pixel Setup, Google Tag Manager integration, basic Retargeting, Bi-weekly Optimization & Reporting.

3. The "Enterprise" Package (Custom)

Ideal for: E-commerce platforms, Large Hotels, Government Bureaus, & Multi-National Corporations.

- **Web Design Price:** 90,000 – 150,000+ ETB (One-time)
- **Timeline:** 6 – 8 Weeks

A fully custom-coded or advanced CMS solution focusing on automation, high traffic capacity,

and complex functionality.

Website Inclusions:

- **Custom UI/UX Design:** Designed from scratch using Figma prototypes for brand perfection.
- **Unlimited Scalability:** Database and architecture designed for thousands of products/users.
- **Multi-Language Support:** Seamless toggle for English, Amharic, Afaan Oromoo, etc.
- **Advanced Search & Filtering:** AJAX-powered filtering by Price, Date, Location, and custom categories.
- **Payment Gateway Integration:** Direct API integration with Telebirr, Chapa, CBE Birr, or PayPal.
- **Automation & CRM:** Direct API connections to HubSpot, Mailchimp, or custom ERP systems.
- **Advanced Security:** DDoS protection, advanced database security, and automated cloud backups.

 Optional Monthly Ad Add-On: "The Market Dominator"

- **Total Monthly Fee:** 65,000+ ETB / month
- **Ad Spend Portion:** 50,000+ ETB (Directly to Ad Platforms).
- **Management Fee: 15,000 ETB**.
- **Strategy:** Focus on *Direct Sales, ROAS (Return on Ad Spend), and Market Domination*. Full-funnel strategy utilizing Dynamic Product Ads, Search Engine Marketing (Google Ads), and aggressive retargeting.
- **Deliverables:** Unlimited Campaigns across Meta & Google, rigorous A/B Testing (Images vs Video, Ad Copy), Conversion/E-commerce Tracking, Weekly Strategy Calls, Custom Looker Studio Dashboards.

SECTION 2: Mobile Application Development (iOS & Android)

We build high-performance, cross-platform (Flutter/React Native) and native mobile applications tailored for the Ethiopian market and beyond.

1. Basic Utility / Informational App

Ideal for: Content creators, news portals, and basic service directories.

- **Development Price:** 120,000 – 180,000 ETB
- **Timeline:** 4 – 6 Weeks
- **Features:** Cross-platform development (works on iOS & Android), intuitive UI/UX, push notifications, offline reading mode, social media login (Google/Facebook), and basic

admin panel for content management.

2. Business & E-Commerce Application

Ideal for: Retailers, Delivery services, and Booking platforms (e.g., Ride-hailing, Food delivery).

- **Development Price:** 250,000 – 450,000 ETB
- **Timeline:** 8 – 12 Weeks
- **Features:** * User and Vendor profiles.
  - Shopping cart and secure checkout.
  - Local Payment Integration (Telebirr, Chapa, Mobile Banking).
  - Google Maps API for geolocation and tracking.
  - Advanced push notifications (order updates, promotions).
  - Comprehensive web-based Super Admin dashboard.

3. Enterprise / FinTech / Custom SaaS App

Ideal for: Large-scale tech startups, FinTech, and enterprise operations.

- **Development Price:** 500,000+ ETB (Custom Quote)
- **Timeline:** 16+ Weeks
- **Features:** Highly secure custom backend, multi-tiered user roles, real-time data sync, biometric login, advanced analytics algorithms, third-party API integrations (e.g., core banking), and rigorous QA/Penetration testing.

SECTION 3: Mobile App Digital Marketing Packages

App marketing requires a fundamentally different approach than web marketing, focusing on Cost Per Install (CPI), App Store Optimization (ASO), and user retention.

1. App Launch & Visibility Setup

- **Total Monthly Fee:** 10,000 ETB / month
- **Ad Spend Portion:** 5,000 ETB.
- **Management Fee: 5,000 ETB**.
- **Deliverables:** Basic App Store Optimization (ASO) for Google Play & Apple App Store (Keyword research, title/description optimization). 1 Install-focused Meta campaign.

2. Growth & Acquisition

- **Total Monthly Fee:** 30,000 ETB / month
- **Ad Spend Portion:** 20,000 ETB.
- **Management Fee: 10,000 ETB**.
- **Deliverables:** Advanced ASO (A/B testing screenshots and icons). Multi-channel user acquisition (Meta Ads + Google App Campaigns). Implementation of App tracking tools (e.g., AppsFlyer or Firebase) to track Cost Per Install (CPI) and optimize ad spend.

3. App Scaling & User Retention

- **Total Monthly Fee:** 65,000+ ETB / month
- **Ad Spend Portion:** 50,000+ ETB.
- **Management Fee: 15,000 ETB**.
- **Deliverables:** Aggressive multi-platform acquisition. Influencer marketing management. In-app event tracking (tracking users who make purchases, not just installs). Retargeting campaigns for inactive users, and optimization of Push Notification strategies to boost Daily Active Users (DAU).

SECTION 4: Custom Management Solutions (SaaS Subscriptions)

Avoid massive upfront development costs with our "Rent-to-Use" Cloud Software. These are fully hosted, maintained, and secure enterprise systems tailored for Ethiopian institutions.

(Note: Includes one-time setup/training fee, followed by a monthly or annual subscription).

1. Smart School Management System (SMS)

An all-in-one platform to manage admissions, academics, and finances for schools ranging from K-12 to Colleges.

- **One-Time Setup & Training Fee:** 15,000 ETB
- **Subscription: 5,000 – 10,000 ETB / month** (Billed annually; tiered by student volume)
- **Core Modules:**
  - **Student Information & Admissions:** Digital enrollment and centralized records.
  - **Academic Management:** Timetable generation, grading systems, and digital report cards.
  - **Financial Tracking:** Tuition fee collection, automated invoicing, and Telebirr/CBE integration for parent payments.
  - **Parent/Student Portals:** Web and mobile access for parents to view grades, attendance, and school announcements.
  - **HR & Payroll:** Staff attendance and salary management.

2. Comprehensive Hospital & Clinic Management System (HMS)

Designed to digitize patient records, streamline queuing, and manage pharmacy inventory.

- **One-Time Setup & Training Fee:** 25,000 ETB
- **Subscription: 8,000 – 15,000 ETB / month** (Based on clinic size/number of branches)
- **Core Modules:**
  - **Electronic Health Records (EHR):** Secure, searchable patient medical histories and lab results.

- **Appointment & Queue Management:** Online booking and in-clinic digital token systems.
- **Billing & Insurance:** Automated invoicing, credit tracking, and insurance claim management.
- **Pharmacy & Inventory:** Real-time stock alerts for medicines, batch tracking, and expiry date notifications.
- **Laboratory Management:** Direct input of lab test results linked instantly to doctor and patient portals.

3. Real Estate / Property Management System (PMS)

For developers and property managers to track leases, maintenance, and payments.

- **One-Time Setup & Training Fee:** 10,000 ETB
- **Subscription: 4,000 – 8,000 ETB / month**
- **Core Modules:** Tenant portals, lease agreement tracking, automated rent reminders (via SMS), and maintenance request ticketing systems.

SECTION 5: Additional Services (One-Time & Add-Ons)

These services are optional but highly recommended for a complete, professional digital solution.

Service	Cost Estimate (ETB)	Notes
Domain & Cloud Hosting	4,000 – 8,000 / yr	Includes Domain (.com/.et), SSL Certificate, and High-Speed Cloud Server.
Annual Web Maintenance	10,000 – 20,000 / yr	Regular security patches, plugin updates, daily backups, and minor content changes.
App Store Developer Accounts	~4,500 / yr	Apple App Store ($99/yr) & Google Play Store ($25 one-time) setup fees.
Logo & Visual Identity	8,000 – 15,000	Custom logo design, typography, color palette, and brand guidelines.

Professional Copywriting	800 – 1,500 / page	SEO-optimized, conversion-focused writing (Available in English & Amharic).
Commercial Photography	Custom Quote	On-location professional shoots for products, staff, or real estate.

SECTION 6: Standard Payment & Operational Policy

Development Terms (Web & Mobile Apps):

- **Milestone Payments:** 40% Upfront Deposit → 30% After Design/Prototype Approval → 30% Before Final Deployment/Go-Live.
- **Ownership:** Upon final payment, the client owns 100% of the custom design assets, website code, and content.
- **Training:** Comprehensive admin training (up to 2 hours) is included with all development packages to ensure your team can manage the platform.

Digital Marketing Terms:

- **Billing Cycle:** Ad management fees and Ad Spends are **pre-paid monthly**.
- **Ad Spend Handling:** The Ad Spend portion is paid directly to the ad platforms (Meta/Google) via your attached payment method. If you lack a valid international card, we can process the Ad Spend on your behalf for an industry-standard handling fee (typically 15-20% due to forex logistics).
- **Contracts:** Marketing packages are month-to-month, though a minimum 3-month commitment is highly recommended to gather data, optimize algorithms, and see substantial ROI.

SaaS Subscription Terms:

- Subscriptions for School and Hospital Management Systems are typically billed **annually** to ensure uninterrupted service, server stability, and dedicated year-round technical support.
